

Shipping Policy

We print and fulfill all our products on demand once you place an order. To estimate when you get your order, add our fulfillment time to the shipping time. It takes 2–7 business days to create apparel products and 2–5 business days for non-apparel products.

You're responsible and shall cover all expenses (including but not limited to taxes, duties and shipping costs) and clear customs if and as applicable to your Products and their delivery to the Customer.

BMM delivers Products to Customers to most places in the world. There might be some countries we cannot deliver to because of international legal restrictions or shipping carrier limitations.

By using the Warehousing Services the User agrees that some Products can be packaged and shipped separately and the User will cover all shipping costs associated with the Products.
